

MARK CHRISTIAN DAGOY

Sorsogon, Philippines | 0994 619 4360 | markchristiandagoy732@gmail.com

PROFILE

Information Systems student with experience in database management, system development, and IT support. Built a full-stack capstone system (*FindIt*) using Firebase and web technologies focused on real-time data and user-centered design for local business efficiency.

EDUCATION

Bachelor of Science in Information Systems

Sorsogon State University — Philippines

Expected Graduation: 2026

EXPERIENCE

On-the-Job Trainee — Bureau of Internal Revenue, Taguig City

Jan 2026 – Apr 2026

- Encoded and processed taxpayer registration data using IRIS and ORUS
- Verified records to ensure accuracy and compliance with standards
- Handled confidential data under strict privacy protocols
- Supported administrative workflows and document processing
- Assisted users during registration and provided basic IT support

PROJECTS

FindIt – Food Price & Product Locator System

Award-Winning Capstone Project (Best Capstone Project Award)

- Led the development of a web-based platform connecting grocery retailers and suppliers in Bulan, Sorsogon.
- Implemented secure authentication and role-based access using Firebase.
- Developed real-time inventory, pricing, and stock monitoring features.
- Integrated Firebase Firestore for instant data synchronization.
- Designed a messaging and order request system to improve supplier-retailer communication.
- Generated downloadable PDF price lists for offline access.
- Recognized as the **Best Capstone Project** for innovation and practical business impact.
